

Subject: Nomination for NAEM's Lifetime Achievement Award: Mr. Kelvin Roth

We are delighted to support Mr. Kelvin Roth as a nominee for the NAEM's Lifetime Achievement Award. Kelvin's longstanding dedication and contributions to Environment, Health, Safety, and Sustainability (EHS&S) epitomize the ethos of this prestigious accolade.

His tireless commitment to nurturing talent and fostering collaboration is inspiring. In his career, Kelvin has built multiple EHS leadership teams and systems from the ground up. In doing so, he not only elevated the performance of the EHS teams and programs, but also the strategic role of EHS&S with executive leadership.

He brings this same collaborative leadership style to the industry through NAEM and other industry bodies. This includes more than two decades on the NAEM board, an extended term as President, hosting NAEM events, and always being available to support both corporate members and affiliates. He freely provides opportunities to benchmark programs and processes — including not only successes, but also challenges and how he overcame them.

Beyond his professional achievements, Kelvin's thoughtful approach have made him a respected colleague and a dear friend to many in the industry.

For these reasons, we wholeheartedly support his nomination for the NAEM's Lifetime Achievement Award. His vision and commitment have shaped the EHS&S field in an exemplary manner.

Respectfully,

A handwritten signature in black ink, appearing to be "MJA".

On behalf of Matt Airhart, President, VelocityEHS; Marc Juare, Solution Executive, VelocityEHS and former NAEM board member and Roger Bottum, Senior Vice President, VelocityEHS
