

Solution Center “Power Hour” in Engagement Hub

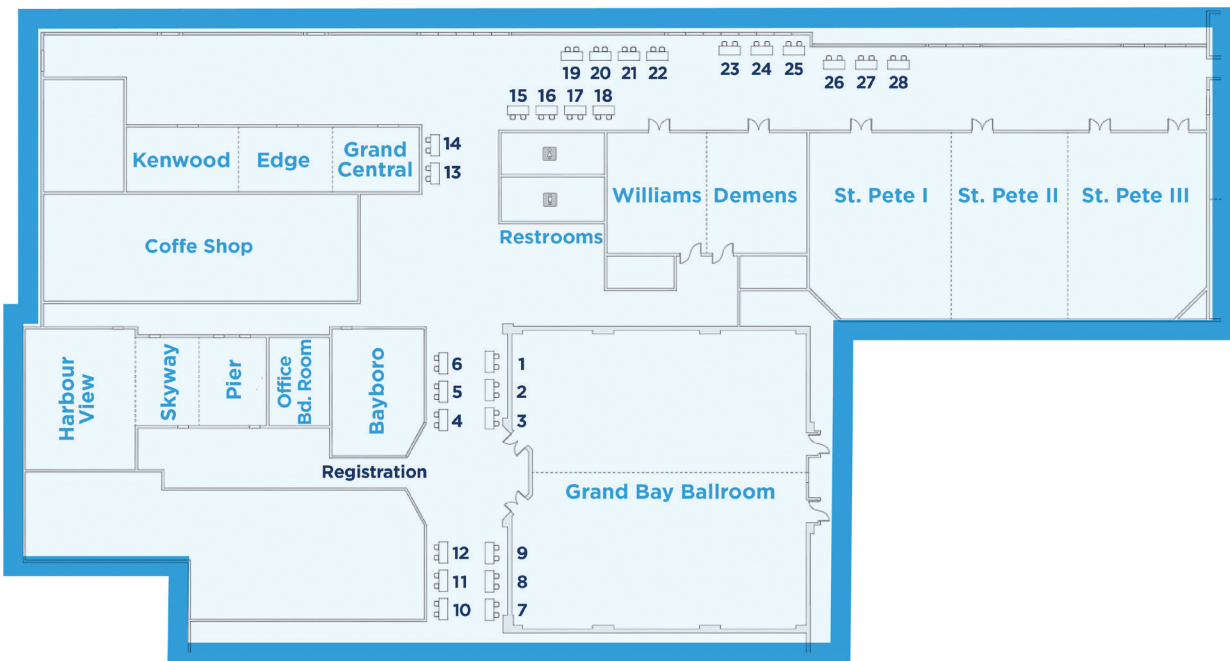

Wednesday, April 15

11:15 AM - 12:15 PM

Thursday, April 16

10:15 AM - 11:15 AM

Discover best-in-class solutions to common EHS and Sustainability/ESG challenges from leading experts during this rapid-fire event. Each expert will address **a specific challenge** and share tools, strategies, and solutions that will help you advance your EHS, Sustainability and ESG programs. Attendees will rotate around the room every 10 minutes to hear a different expert’s presentation.

EHS MANAGEMENT & COMPLIANCE

How to handle your growing digital ecosystem
Tabletop #2

How to end the game of safety subjectivity; complete and consistent clarity into EHS data.
Tabletop #25

How to use AI to get the most out of your EHS data and improve reporting efficiency
Tabletop #18

How to empower your enterprise with self-configurable & integrated EHS/Chemicals software
Tabletop #22

How to evaluate using generalized and specialized AI for nuanced regulatory questions
Tabletop #3

How to spot an EHS software that talks big versus one that delivers – what smart buyers need to know
Tabletop #15
